Subject: J. Essakow, "In the mid-1990s I wasn't worth shit"- "Now he smells like it!" Re: Why would J. Essakow want to enter

Robert,

You can well imagine I am not the only one moving very fast. Jeffrey Essakow, now DRIVING a Harley, has already been contacted by at least one of the Flower Hill Mall tenants and you can only imagine what "stories" he is telling, without saying anything.

Not to mention, the draft of my forthcoming letter to J. Essakow currently stands at 25,142 words.

What do you think of an electronic billboard that covers the front of your house overlooking the mall which I assume was not only built to code but is large enough to house a TV screen 40 feet high and 100 feet across? Give me a list of which neighbors do you think will complain.

Not to mention I would expect you in the interim to have bumper stickers made with appropriate verbiage and for you in your 6 foot 8 inch frame to be standing handing them out at the entrance to the Flower Hill Mall.

As you know I previously heard from you on Saturday at 4:12 in the afternoon, and I know you are very attached to your blackberry just like J. Essakow, but there are other things going on in the world that are more important than J. Essakow's Flower Hill Mall including getting out of the house as your construction project begins.

Please put me in touch with the legal counsel for your non-profit organization, [Citizens Against Flower Hill's EXCESSIVE Expansion](#); i.e. it should all be an "open book" and easily accessible just like www.2facetrueth.com

I would prefer not to go "door-to-door" to each one of the tenants in the Flower Hill Mall as well as those in the Albertson shopping center across Via Del Valle to find out also what is their stake in all these lawsuits to shut down J. Essakow.

Moreover, look how much "legwork" you have already done?

BTW, were you aware that J. Essakow is in the process of putting in a high end flea market in the back and moving 3 existing tenants to the front causing a tenant like this one who has been there for 20 years and who has no lease and of course NO EXCLUSIVE, to move to inferior space and of course the rent will be jacked up by, The Coupon Clipper, Jeffrey Jack The Ripper Essakow?

Could J. Essakow and company already be seeking an "accommodation" with you?

I certainly would if I were in his shoes and as dumb as J. Essakow.

Then again, you have quite the track record of having put up quite an extraordinary fight against incredibly "well healed" real estate players who initially beat out my pal, multi-billionaire real estate mogul Ernest Rady, right in his back yard; and you just thought J. Essakow and Co. were dumb to overpay on the first anniversary of 9/11 by 20% and then in the space of 7 years create a 20% vacancy.

You did know, however, in the 20 years you have been in the real estate game that a vacancy means employees are also out of business, and that more vacancies create bigger government entitlement programs which like the tax laws rewards those who have the most real estate, and in times of carefully contrived recessions-depressions the more underwater are your big real estate projects the more your project gets the attention of your bankers who get their money from the big government bailouts.

A bailout is one thing if it helps the small business people and their employees but a bad thing when it rewards big corrupt corporations who know where to go for their money who in turn drive out small businesses.

How difficult is it really, unless you are benefitting from this corruption, to so easily tie together the US Government rewarding failure that didn't begin with AIG, but with "We the citizens of the United States" now owning AIG which again means knowing someone in government can be success for your business and failure of your competitor, then everything should be free.

I haven't forgotten that you have yet to comment on my first DAILY DIRT NEWSLETTER - WHAT DOES IT MEAN TO HAVE THE GOVERNMENT OWNING AIG? Click [HERE](#). Also let me know if you come across any spelling or grammar errors.

Remember, J. Essakow has told at least one person, David Minnion, "In the mid-1990s I wasn't worth shit" and one of the best came out of the mouth of J. Essakow's one of many pissed off tenants,

"Now he smells like it!"

Again, you and your team have pulled together the most compelling case of egregious business practices by someone I have known since the sandbox days back in our home town of Durban, South Africa; and now just as things are getting exciting, would not be a good to be heading for the hills.

Why not have a town hall meeting in your mansion overlooking J. Essakow and Marc Rich and Co.'s Flower Hill Mall?

Of course you are beginning to understand why Jeffrey is so very upset with you in particular, since he figured you, who designed your mansion overlooking his proposed even bigger eyesore would be smart enough to have figured that at the end of the day, Jeffrey and his hell bent on ethnic cleansing civil war backers, were helping preserve your lifestyle.

You may not have yet come across in my writings that the second dumbest people in the world are South Africans who flock to the United States where they see people such as yourself as "easy pickings".

Instead of getting mad at Jeffrey and company, why not help get everyone focused on the big picture without losing sight for a moment of this most extraordinary spectacle that is happening in real time.

Can't you just see coming across the TV screen: **The Coupon Clipper, Jeffrey Jack The Ripper Essakow , "In the mid-1990s I wasn't worth shit"- Now he smells like it!**

Who knows with your "gift of the gab" you can most certainly convince Oprah Winfrey who narrates J.Essakow's "coming out parade"; namely Emmanuelle's Gift, that the whole world which does not revolve around America, will be better off the sooner she wakes up to why it was so important that Bill Clinton, who is STILL liked by a great many Republicans, who of course like you, don't want to be reminded about the shameful history of the US raping mineral rich countries like Iraq and South Africa and then placing in charge our brutal tyrants, granted Marc Rich, a CIA oil trader the 11th hour Presidential Pardon and in that very instant igniting the fuse on the "War on Terror" just as I wrote in the Mossad's Jerusalem Post on February 1st, 2001, 222 days prior to 9/11:

"The pardon of Marc Rich eliminated not only an opportunity of justice being served but it would have allowed the public to view the role that oil brokers play in furthering terrorism"

Click [HERE](#) for the rest of this tell it exactly the way it is "report".

Then consider how the Mossad reinforced by publishing not just one more, but 3 more of my "reports" that spelled out how important it was to the US military economy whose puppet leadership just do exactly as they are told; and the 4th on May 1st, 2001, just 3 months before the Mossad gave the FBI and CIA the clearest "heads up" of the CIA's so very carefully planned 9/11 attack which has its origins in Bill Clinton's bizarre ending speech at Caltech University back on January 21st, 2000, as this so full-of-himself Commander In Chief, a neophyte like Obama in military matters, so strongly suggested that the US was ripe for an ethnic cleansing civil war, that of course was not lost on either the CIA who get to see every speech well ahead of time or the Mossad who then went to work in making both Clinton and Rich pay as the two of them left the most extraordinary gun-money-trail.

So tell me, how many people apart from your wife and son have you told about how becoming a CIA oil trader is far more lucrative and totally risk free than owning a McDonald's franchise?

What percentage of them feel extraordinarily dumb not to have figured it out?

Would you give me a list of those who feel invigorated and therefore would want to attend one of my Educational Light Journey-One Tribe of Achievers seminar-workshops?

So let's just say that your Roman priest found a way for you to take your wealth with you when you pass on, is it still worth it to keep building up your fictitious-worthless estate while knowing that the overwhelming majority of Americans in uniform who are singularly responsible for propping up the so bloody and worthless-fictitious US Dollar with the most inextricable ties to the South African based mafia monopoly De Beers, are not rich, not even close; and nor are they stupid; moreover, they are in better physical and mental health than most if not all Americans I know who are not in uniform; and to top it off, they are incredibly wired as well as armed increasingly with knowledge as well.

Not to mention, would you hazard a guess what the odds are of the US military turning?

To mention little of you would understand that just because most Americans including US military personnel do not know the shameful history of the US going back to the turn of the last century in that most important Anglo Boer War and the American led 8 Allied Nations invasion of China in 1900, that was not in the least bit coincidental coming in the middle of the war that put De Beers and their American bankers J.P. Morgan-Rockefeller-Chase Manhattan Bank "on the map", the odds of the US military staying loyal to the US Congress do not improve.

To mention in passing the US military is not alone in knowing that Uncle Sam has yet to go up against a first rate military like China, forget all China's increasing allies.

Bear also in mind that the US Government was "no friend" of the fledgling State of Israel in its most bloody War of Independence [Nov. 1947- Jan. 1949] which if the US Government had it's way would have resulted in Israel being wiped off the face of the planet by sunset on the first day of its official start, May 15th, 1948 which would have not been a good thing for Israel, agree?

There is a reason why the US Congress has never apologized.

There is a reason why the American Jewish Kapo-sellout members of the US Congress have never apologized because to do so would raise the question of what took them so long, and whether they go bought off with untraceable diamond currency just like FBI Counterintelligence Chief, Robert Hanssen who the FBI decided to bring in 17 days after my first "report" talking about the increased risk of terrorism following the egregious Presidential Pardon of CIA oil trader Rich?

Then the next question goes to what the US Government had to gain by allowing the Rockefellers to place their I.G. Farben gas pellet production facility in the center of the death camp of death camps, Auschwitz?

Then the next question is why did the US Government allow the arming of Nazi Germany that had been totally defeated in World Oil War I?

Then the next question is why apart from wanting Hitler to succeed in wiping out all of European Jewry, did the US Government allow its mafia monopoly De Beers to supply Hitler with his diamonds to fashion precision tooling to make weapons of mass destruction?

You see you wouldn't have even needed to read Hollywood blockbuster author, Edward Jay Epstein's, THE DIAMOND INVENTION, beginning with Ch. 9, DIAMONDS FOR HITLER, subtitle, THE SECRET WAR REPORT OF THE OSS/CIA had you been taught as a kid to logically thought process which simply means to never be allowed to lose your innate curiosity, which disappears the instant you think you are going to receive an inheritance.

So you still think I am knocking my head against a brick wall trying to get stupid and corrupt people to do the right thing.

A better question is to ask yourself what do you think was your purpose in life because I am telling you that as soon as I send you the draft of what I intend to send J. Essakow the game is over, and all those who knew better and didn't do the right thing have lost; i.e. no possible chance of redemption.

Not to mention, can you even begin to imagine the problems for the US military going forward, if Israel were to "turn" on the US; bearing in mind Israel has had its problems in the past, beginning in the summer-spring of 1954 when the lead Israeli Military Intelligence officer, Mr. Seidenberg "turned" in Operation Susannah, and most likely at the very start, and very possibly all internal espionage ending with that debacle that resulted in all the Israelis as well as Egyptians who were undercover in this most important "false flag" operation all aimed at embarrassing the US Government, getting caught, tortured, and several hung, because of how David Ben Gurion, who was brought "out of retirement", first as Israel Minister of Defense and then Prime Minister until June 21st, 1963, began to compartmentalize the Mossad that much

more, while instituting the most brutal policy of putting "turncoats" to work as well as family members with each family member who had been "put to work" knowing never to open their mouth, and to do just as they were told, and make certain that when they died of old age like my "lucky uncle" David Gevisser, the "male heir" of American-German Charles W. Engelhard who could trace his family's wealth to the victory of the Anglo Boer War [1899-1902], there could be no possible doubt that it was a natural death as opposed to suicide, and even then Jewish Kapos could never be certain those family members who hadn't been put to work could still end up being put to work.

To mention little of if you think Ben Gurion who learned everything he knew about guerilla warfare from Jan Smuts who pioneered guerilla warfare in the Anglo Boer War against his nemesis, Cecil Rhodes, the founder of De Beers, went "overboard", just remember when putting your head on your pillow to go to sleep this evening and every night until meeting with our smart and again most veneful Maker, sniff first the breath of gas dumped into the gas chambers of Auschwitz as the Rockefeller's, one of America's Royal Families applauded the profits from their I.G. Farben gas pellet production facility placed in the dead center of Auschwitz, and then when waking up in the morning and smelling that burned pig to think what it felt like to be a Jewish slave laborer working inside I.G. Farben smelling the burnt flesh of a relative who was now fortunately dead.

To mention in passing, I didn't need to get off a boat yesterday in Haifa harbor, Israel to know that extraordinarily few people care.

BTW, while on my Ducati and stopping off for a "pit stop" in Pinevalley I ran into a 22 year old corporal with the US Marines who was driving a relatively large pickup truck with the enclosed passenger compartment, along with the US Marine in the passenger front seat was transporting 4 other US Marines on their way to Yuma; and all 5 are scheduled to ship out to Afghanistan next month.

Corporal Gipe who is from Vermont and has a wife and young kid, will be headed back for his second tour of duty and as you know Afghanistan is now making "News Headlines" although all you hear about in the news is about this idea of Obama and the US Congress to fund this and that pet government projects like health insurance when in fact we all know the Government already own AIG and much more and so it is all talk.

Not to mention, notice Jerusalem Post published African American Rabbi Caspers Funnye in the carbon section and think was his close cousin First Lady Obama is thinking without necessarily telling her husband everything that is on her mind.

Just like you, Corporal Gipe knows I am anything but "all talk".

Moreover, Corporal Gipe understands even better than you in taking your time to respond when NOT RESPONDING AT ALL, why it is that American Special Forces beginning with our most elite US Navy SEALs cannot be trained like Israeli Special Forces given how the first thing you don't need to do is SHOUT when you are teaching a new recruit the "truth" about the not so glorious history of the United States that rewards failed business people like American-South African J. Essakow and his financial backers, beginning with Presidential Pardoned Marc Rich, that allows them to mosey on in to a RICH town and without anyone asking questions, at least the right questions such as, "IS YOUR MONEY FROM SOUTH AFRICA AND ELSEWHERE JUST AS COUNTERFEIT AS THE MONEY ISSUED BY THE US FEDERAL RESERVE WHICH ARE JUST PROMISSORY NOTES BACKED ONLY BY THE GOOD WORD OF THE ELECTED AND NON-ELECTED GOVERNMENT OFFICIALS THAT NONE OF US TRUST" they take a 100% occupied shopping mall in the richest part of the United States, NOT THE POOREST, and over a period of 7 years following their purchase of The Flower Hill Mall on 9/11/2002, the first anniversary of 9/11, J. Essakow has received an A+ for creating not only a 20% vacancy, but because he is Jewish, all those looking to "first

blame the Jews" have found "sumthing" [sic] to write home about, without having the mental stamina because they have been slowly but surely choosing mental suicide when both eating themselves to a premature and most painful death as well choosing the company of "lost souls", rather than financial suicide, to ask, "Why do we think the biggest crooked bankers in the world are Jewish when we all know that starting with Cecil Rhodes all the way through to the J.P. Morgan, Rockefellers, Engelhard and Oppenheimers, all got buried in non-Jewish cemeteries?"

So how stupid does stupid look.

Much more stupid then even you think.

The fact that these virulent anti-Semitic bankers who have never once stopped in their quest to exterminate all the Jewish People who hadn't sold out, got the two DUMBEST FUCK JEWISH PEOPLE to have ever walked the planet to fool all of you in to still thinking, "BLAME THE JEWS", now that is what I call dumb, and why I consider God both a genius and extraordinarily vengeful.

Do you think it will help the attendance numbers at my Educational Light Journey-One Tribe of Achievers seminar-workshops to have everyone bring a handheld mirror?

I am working on a flyer for my next seminar but in the meantime could you critique what Bill Whittiker asked me to send him.

In response to your request, I can put you, a seasoned good listener in business for yourself, and more successful than you ever dreamed possibly, utilizing all your peoples skills, which you know comes from hiring the best and brightest, giving them the tools to make them more successful than you, and then getting the hell out of the way, by sunset today without compromising your value system.

Yes or no?

If yes, tell me when you are available for no more, let me repeat, no more than 15 minutes, to meet in order to answer all your questions, which you must first email to me ahead of time, having first spent at least an hour at 2facetrueth.com and then read the very easy to read internet only book, [THE DIAMOND INVENTION](#) written by Hollywood blockbuster author, Edward Jay Epstein, beginning with Chapter 9, DIAMONDS FOR HITLER, and which fails to mention that neither the OSS/CIA nor Roosevelt did anything about Rockefeller obviously getting approval to place his I.G. Farbin gas pellet production facility in the middle of Auschwitz, let alone what prevented the OSS from calling in its assassins to at least threaten Sir Ernest Oppenheimer with death if he didnt stop supplying Hitler with his diamonds while refusing an order by the President of the US to stockpile 6.3 million carats of diamonds on U.S. soil; and if there are no further questions, then the meeting shouldn't take more than 5 minutes to "shoot the breeze", but again no more than 15 minutes.

Ps - If you would like, I can give you the published phone number of the Office for the Israeli Department of Defense Attache at the Embassy in Washington DC, and just ask whoever answers the phone even if it isn't Kerene, not to be confused with my very hot looking and most sexy body first cousin Karene Gevisser who you see on the left below

KAREN, ME, KATHY NEW YEARS EVE AROSA

Jan. 1971, two months before the Mossad assassinated German-American Charles W. Engelhard on March 2nd, 1971, a month after he turned 54, for his and his father's genocidal war crimes against the Jewish people, just ask the Mossad not only when did their email system get repaired without raking them over the coals for not having a backup system operating 24/7 when the backup system that is the backup system is designed specifically to shutdown just when a sufficiently high enough

ranking officer intimately familiar with Mossad's Metsada Special Forces Division gives an order that comes directly from the head of the Mossad who doesn't necessarily have to have the Prime Minister of Israel on the line at the exact same time, but to let you know if they could think of a better way for the world's most wired foreign intelligence institute, who pride themselves on hiring "borderline geniuses" which is more palatable than saying someone is a "certified genius" which calls into question who exactly is doing the "adjudicating", to have vetted the Mossad's most important military report following the Mossad's "heads up" to both the FBI and CIA in August 2001 which both intelligence services failed to share with the American people and which was first reported in the Los Angeles Times on September 20th, 2001.

Not to mention, for you to understand why the De Beers controlled US Congress didn't rake the CIA over the coals for not informing the American public that the CIA, the military wing of the US State Department, played a pivotal role in 9/11 just like when first arming Osama Bin Laden with his Stinger missiles to shoot down fixed and non-fixed wing Soviet aircraft following the Soviet invasion of Afghanistan in 1979, and when "cutting him loose" knowing that they had bred just another "foreign terrorist", which of course still doesn't prevent the CIA-FBI-Robert Hanssen-State Department from breeding the next homegrown Timothy McVeigh, you might not get much satisfaction talking to your high school history teacher or their teacher or for that matter everyone you have shared your opinions with over the course of your lifetime.

Cutting and pasting - Wikipedia Mossad

United States of America

The Mossad informed the FBI and CIA in August 2001 that as many as 200 terrorists were slipping into the United States and planning "a major assault on the United States." The Israeli intelligence agency cautioned that it had picked up indications of a "large-scale target" in the United States and that Americans would be "very vulnerable." A month later, terrorists struck at the World Trade Center and the Pentagon.

Wright.

SPUR Magazine

VOL. XI

AUGUST, 1942

NO. 8

AMOS P. WRIGHT

FROM PART TIME MAN TO DIVISION MANAGER

Amos Wright is the new Division Manager in charge of Districts 2, 5, 7, and 14, having been promoted from the District Sales Managership of District 14.

Amos' career with Spur, up to late, is unquestionably one of the most outstanding of any man since the beginning of the company in 1928. He began at the bottom as part time salesman at 108 in Nashville. He was "Clean Jp" man, sweeping the drive-ways, mopping the station floor, cleaning restroom, whitewashing, etc. He was an A-No. 1 man with a whitewash brush and a broom. From 108 he went to 37, Bowling Green, Kentucky, working part time there while attending Western State Teachers College for a year. He then spent a few months as salesman at No. 4, Owensboro, Kentucky. Whatever the work assigned to him, he did it the best he knew how, without wasting time, and moving straight ahead to the next task.

In 1936, while still in his teens, he decided to see more of the world and joined the Marines, remaining in that famous military organization four years. In 1940 he again became a Spur Salesman at 109 in Evansville, Indiana. He was soon made Manager at No. 4, Owensboro, Kentucky. When he took over that station, it was not in good shape; appearance was poor, gasoline and oil sales worse. Within a few days, the station shone like a new dollar, and gained favorable comment from everybody who saw it. Oil sales began to climb, and the station, which had been low on these sales, was soon one of the best. Night and day he worked to improve Service, and it was not long before the gasoline sales showed large increases. He pushed steadily for new business; solicit-

ing commercial accounts, farm business, taxis and trucks, whenever he had time to spare.

In late 1940 Amos performed most acceptably district work of many varieties in Districts 5 and 7, assisting the regular District Managers.

His allround intelligent and aggressive work in stations and districts earned him a try out early in 1941 as Assistant District Sales Manager of District No. 13. His work was outstanding from the beginning. Then he was promoted to be District Sales Manager of District 7, where by hard work and constant attention to his business,

he brought the district forward in every way. The then District 2 was added to his territory, and he ran both districts the same way.

With these in shape, he was sent to clean up old District 13 (now 14) and again he distinguished himself. The district made 100% oil quota, the stations shook off the dirt and glistened with whitewash and flowers.

Amos has a charming wife, and a fetching daughter less than a year old. And he intends that they shall enjoy the good and the pleasant things of life.

His headquarters are now in Evansville, but he has been moved around so much that any town with a Spur Station is home to him.

Amos Wright was brought up on a farm, and there learned how to work. He says that the Marines taught him that orders were made to be obeyed. We know that he believes a business can only succeed by hard work and by following instructions.

His career is an inspiration to every man in the Company. The price of success is doing YOUR job well. That is the old American way.

Robert, is it true that the Del Mar Times is owned by ex-South Africans?

Perhaps, it will help your 16 year son begin to understand the total garbage he has been taught for the past 16 years by reading my 4th published letter in the Jerusalem Post

Kerry's versus Pollard's Heroism - May 5th, 2001

There has been only one Holocaust, but what the Nazi Holocaust demonstrated so well is that human deprivation occurs incrementally. It starts with simple massacres; you shoot the first innocent person and then you shoot the next set of people and after you realize that you cannot shoot enough people you look to more efficient methods such as gas chambers. This is why weapons of mass destruction are developed and why chemical warfare is so frightening. Saddam Hussein understands this. Bob Kerrey, former U.S. Senator and presidential hopeful, took the first step down this frightening path while a U.S. Naval Seal and stopped. On the other hand, Jonathan Pollard, the convicted spy, did not need to kill anyone to understand the consequences of weapons of mass destruction before he blew the whistle on what he saw cross over his desk at Naval Intelligence.

The rewards in America for covering up your sins or revealing the truth are indeed ironic. In this instance Kerrey received the nation's highest award of valor while Pollard's reward is going on sixteen years of hard time.

In war both sides commit atrocities, which is the whole point of peacemakers in attempting to prevent future atrocities. It is in the gray area of corrupt secret policies such as the ill-conceived CIA support of Iraq in supporting Saddam's chemical warfare production that was ultimately aimed against Israel – a policy that is so incomprehensible to anyone who has relatives that lived through the Holocaust.

Were there only one witness to Kerrey's atrocity, this cover-up would have remained with those who elected to follow their leader [which led directly to Kerrey's Bronze Star that stated that twenty-one Vietcong were killed in this incident, a clear lie which could have been refuted at any time including the moment at which President Nixon personally awarded him the Congressional Medal of Honor]. What was going through his mind at that moment when the President of the United States was reading the commendation for heroism to him personally?

Is this public persecution of the whistle blower by the political elite and the press in America any different than that they imposed on Jonathan Pollard? The only difference is there was no corroborating witness and Pollard stands alone in revealing the conspiracy of the misguided CIA policy aimed at the Jewish State which ironically was probably used against U.S. soldiers during the Gulf War. Whose sin is greater; Pollard's for violating an American secrecy law that could have lead to the death of hundreds of thousands of Israeli citizens to prevent another Holocaust or Kerrey's sin, which clearly led to the murder of at least thirteen innocent people? Pollard has already spent 15 years, one-third of his life, in an American prison while Kerrey spent the same time in two of America's most exalted political offices; knowing full well that he had lied while serving his country. Where is

**the justice in the American judicial system? Where is the forgiveness
in Bob Kerrey's heart?**
