

IN THE COURT OF APPEAL OF THE STATE OF CALIFORNIA

FOURTH APPELLATE DISTRICT

DIVISION ONE

CHARLES KNUFF,

Plaintiff and Respondent,

Amended Motion to augment.

v.

GARY S. GEVISSER,

Defendant and Appellant.

Calif. Ct. of Appeal. No. D062134

(SAN DIEGO COUNTY - Superior Court Judge Jay Bloom presiding -
Super. Ct. No. 37-2011-00088438-CU-EN-CTL)

The 3 documents below, specifically the transcripts of the 2 hearings/trial in Texas were part of the filings that I made to the Superior Court of California, and which talked clearly to the fraud of the Texas State Court. California Superior Court Judges Bloom had these documents in his possession when he erroneously ruled in favor of Plaintiff Knuff. The reason I never included these documents in the original record is that I believed the Appeal Court would go through the entire record of the California Superior Courts.
