

AN exciting trip abroad lies ahead for the well-known Durban modelling and fashion expert, Mrs. Zena Gevisser, and her two elder children, Neil and Kathy-Louise, pictured above with their brothers Melvin and Gary. The trio leaves Durban by air on Thursday for Europe and during the next month will visit Israel, Rome, Venice, London, Paris, Madrid and Lisbon.

Neil and Kathy will return to Durban in time for the next school term, but Mrs. Gevisser, who acts as a marketing and packaging consultant for an international surgical dressings and cosmetics firm, will further her investigations in this field in America.

Two highlights of her American tour will be visits to Oleg Cassini's fashion salon and the World's Fair in New York.
